

Création d'un compte PubMed (particularités)

Pour garantir à ses utilisateurs un plus haut niveau de sécurité, NCBI est passé de l'utilisation de mots de passe de compte local (créé au NCBI pour se connecter à NCBI) à l'utilisation de connexions tierces (nom d'utilisateur + mot de passe issus d'un compte Google, Login.gov, ORCID, universitaire, etc.). Une liaison doit être faite entre une connexion tierce et un compte NCBI ancien ou nouveau.

Plusieurs possibilités de connexion tierces → exemple via ORCID :

Notification settings

ORCID sends email notifications about items related to your account, security, and privacy, including requests from ORCID member organizations for permission to update your record, and changes made to your record by those organizations.

You can also choose to receive emails from us about new features and tips for making the most of your ORCID record.

- Please send me quarterly emails about new ORCID features and tips. *To receive these emails, you will also need to verify your primary email address.*

After you've registered, you can change your notification settings at any time in the account settings section of your ORCID record.

Visibility settings

Your ORCID iD connects with your ORCID record that can contain links to your research activities, affiliations, awards, other versions of your name, and more. You control this content and who can see it.

By default, what visibility should be given to new items added to your ORCID Record?

-  **Everyone** (87% of users choose this)
-  **Trusted Organizations** (5% of users choose this)
-  **Only me** (8% of users choose this)
